

Item 1. Introduction

Streetbeat LLC (“Streetbeat”, “we”, “us” or “our”) is registered with the U.S. Securities and Exchange Commission (“SEC”) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer non-discretionary investment advisory services to individual investors through an online web-based and mobile platform (the “Platform”). Our Platform is available via our mobile application (“App”) and our website (“Website”). When you open an investment account (“Investment Account”) with us, you will be able to access the Platform through either the App or our Website. As part of your onboarding, you will create an account and complete a Suitability Questionnaire. We will use the information provided in the Suitability Questionnaire together with our proprietary data model (“Model”), which aggregates various data sets, to present to you investment strategies (“Strategies” and each, a “Strategy”). Each Strategy is made up of various publicly traded securities, including exchange-traded funds (“ETFs”), and shares of stock of publicly traded companies (“Single Stocks” and together with ETFs, “Investments”). You may invest in a Strategy or purchase an individual Investment. All Strategies and Investments are recommended to you for purchase, however, all trading is self directed and you are solely responsible for any decision to purchase.

If you choose to purchase a Strategy, we will be provided with limited authority to allocate your funds to the Investments that make up the Strategy. Additionally, we will have limited authority to “Auto-Close” your position at a time the Model determines to be optimal. You may choose to close your position at your discretion anytime by reducing your position to zero. Reducing your position to zero will authorize us to close your position the next trading day at a time the Model determines to be optimal. You may also select the Auto-Close or Auto-Hedge features in connection with the purchase of individual Investments. And last, we will obtain limited discretionary authority to rebalance and make purchases and sales in accordance with certain Strategies that you buy.

Since our investment advisory services are non-discretionary, we do not monitor your account for suitability. Annually, we will remind you at least biannually to review and update your information profile. We do not accept discretionary authority to manage investment accounts on your behalf other than by allocating funds to Investments in a Strategy, and our authority to Auto-Close or Auto-Hedge your position. You are responsible for all purchases and sales of Strategies and Investments on the Platform. We do not provide or offer any financial planning, retirement or tax advice. We do not have an account minimum.

Additional Information: For more detailed information about our investment advisory business please refer to Item 4 our Form ADV Part 2A (“Disclosure Brochure”), at <https://adviserinfo.sec.gov/> or at www.streetbeat.com.

Ask your financial professional:

- ✓ Given my financial situation, should I choose and investment advisory service? Why or why not? ✓ How will you choose investments to recommend to me?
- ✓ What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

Item 3. Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

We charge a monthly fee for advisory services based on the amount of assets under management (“AUM”) that you have allocated into one of the Strategies. Our AUM fee is currently 0.1%. We do not charge a fee for any assets you allocate towards the purchase of a Single Stock.

You may pay fees and costs separate from our services, and regardless of whether you make or lose money on your investments. These additional fees and charges may include transaction and execution charges and the fees/expenses charged by any custodian, and other transaction-related costs, electronic fund and wire fees, and any other fees that reasonably may be borne by a brokerage account. You will pay a margin interest percentage to our broker-dealer if you opt-in to margin services. The issuer of some of the securities or products purchased for Clients, such as ETFs or other similar financial products, may charge product fees that affect Clients. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional Information: For more detailed information about our fees please refer to Item 5 of our Disclosure Brochure. You may obtain a copy of our Disclosure Brochure at <https://adviserinfo.sec.gov/> or at www.streetbeat.com.

Ask your financial professional:

- ✓ Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- We make money by having more customers using our Platform so we have an incentive to sign-up additional customers to the service.
- Our employees may personally hold interests in the same securities the Model recommends to our clients.
- If you are a customer of our affiliated money service business, Streetbeat Digital LLC, there is an inherent conflict due to common ownership.

These conflicts are mitigated by our policies and procedures, as well as the automated nature of the Model.

Additional Information: For more detailed information about our conflicts of interest please refer to Item 11 of our Disclosure Brochure. You may obtain a copy of our Disclosure Brochure at <https://adviserinfo.sec.gov/> www.streetbeat.com.

Ask your financial professional:

- ✓ How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our employees receive a base salary and may receive a discretionary bonus (cash and non-cash benefits) linked to the revenue and growth of the company. Given that all client trading is self-directed, Streetbeat does not employ financial professionals in the traditional sense. We employ fully qualified licensed professionals in our operational and compliance functions. Compensation is not based on commissions or fees of any kind.

Item 4. Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. Neither our firm nor our financial professionals have any legal, financial or other disciplinary items or history. Visit Investor.gov/CRS for a free and simple search tool to research you and your financial professionals.

Ask your financial professional:

- ✓ As a financial professional, do you have any disciplinary history? For what type of conduct?

Item 5. Additional Information

For additional information about our services, please visit www.streetbeat.com or reference our Disclosure Brochure available at <https://adviserinfo.sec.gov/>. If you would like additional, up-to-date information or a copy of this disclosure, please call (650) 487-0359 or send an email to info@streetbeat.com.

Ask your financial professional:

- ✓ Who is my primary contact person? Is he or she a representative of an investment adviser or broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
